TOOLS OF WIGGIO

Adding Files:

You can quickly add files that you can share with your group. It will also notify the group when a new file has been added.

TOOLS OF WIGGIO

Scheduling:

If your group does not have access to Outlook, you can use the built in scheduling services to create an event or a “To Do” list. It will email or text the person or group before the start.

TOOLS OF WIGGIO

Sharing Web links:

You can add links from the web, you could call it another form of social bookmarking but restricting it to your group.

TOOLS OF WIGGIO

Mass Messaging:

You can use Wiggio to send mass messages via emails, text (SMS), voice messages or even video messages.

TOOLS OF WIGGIO

Polling and Surveys:

You can set up simple polls and surveys to test the understanding or feelings of the group about a particular subject.

TOOLS OF WIGGIO

Conference Calling:

The facility will allow you to create a conference call for up to 50 people.

TOOLS OF WIGGIO

Webinars or Video Conferencing:

It can create a virtual meeting (webinar / video conference) for up to 10 people.

TOOLS OF WIGGIO

Chat Room:

You can use it to instigate a chat room for an unlimited number of participants.
